

Dear Students,

Summer is almost here! We know you will be busy with lots of activities and all sorts of fun. We hope that one of those activities will be reading some good books!

During the summer months we would like all of our students to record the books that they read on The Summer Reading Log and create one response to the book of their choice. Please bring The Summer Reading Log and the book response with you on the first day of school.

Students entering second grade should read at least twenty picture books, three chapter books, or a combination of picture and chapter books. You can read books on your own or with your parents. Your response will be to use the template attached to create a character from a book. Draw and/or use materials to make the template look like the character. Then write about the character on the paper provided.

Enjoy your summer reading. We look forward to reviewing your Summer Reading Log and sharing your book response with your new classmates.

Happy Reading,

ECES Teachers
